

A bi-monthly news-sheet published occasionally  
by and for members of the San Diego Ski Club.

MEETING: Ski Club meeting Monday, December 17th at YWCA - 10th and C - Girl Reserve Room at 7:45 P. M. Plan to be present and on time. Many important matters are to be discussed. Colored movies after the meeting.

NEWS FROM THE OLD GANG: Those who went away "in uniform" our servicemen, are trickling slowly back: Harry Poshman, Gene Muehleisen, Harry McMaster, Harry Campbell, Tex Williams, Jeff Hall, Van Tibbett, Walt Wayda, Joe Vignault .. WELCOME BACK!! But others just left "in uniform" as Harold Stark, Jack Hopkins. Some will do their Christies on Fijiyama as Blake Van De Water and Croff Wilson ... and Harry Pollard must make his turns on the smallest island in the Pacific. No recent word from Phil Faulconer, Joe Hunt, McCracken, or Dan Halsey.

CUYAMACA: With cooperation of State Park Authorities we have obtained permission from the State Park Commission to expand our slopes at Jackson Meadows some 600 feet higher up. So far this year we could not tackle the actual work but limited our effort to the extending of the tow 500 feet to the bottom of the meadows, which required no cutting. The tow drive was completely revised so as to obtain governor controlled operation. Cost to the club approximately \$230.00, 130 workdays by 30 members and 23 non-members.

BEGINNERS SKIING: For children and real beginners the State Park will set aside some good slopes alongside the road. This will bring real winter sports to our county. Let's hope the weatherman cooperates too!

SWAPS: Owner of idle equipment: Please bring it along or inform us of its availability. Many want to start with used equipment; mostly wanted are boots, skis, bindings and poles.

EARLY SKIERS: About the time birds fly south, a party of 19 San Diegans went north to spend Thanksgiving weekend at Mammoth mountains. There was plenty of snow but it had to be reached the hard way. Only one accident worth recording! Many "incidents" occurred on the trip but they better be only whispered.

CONTINUOUS SKIERS: Harry Poshman and Bob Card got tired of ski trips below 1000 miles. So they set out on a tour of the U.S.A. Present address unknown, but there is snow there!! --

GAS COUPONS: They don't exist any more. Skiers can be honest again.

SKI PATROL: As always our Ski Patrol proved again its value on the Mammoth trip. Every skier should consider taking the Red Cross first aid course and the advanced course for Ski Patrol first aid work. There are many things to learn on the subject. The other fellow's training may be very valuable to you. Why not prepare to be of some help to others?

A last, small work party is necessary to give the last touch and check to all details and clean the slope from last storm branches and debris. Those few who did not put at least one workday are invited. Please call R8670. If possible let's do it this Saturday.

December 12, 1945

TO ALL MEMBERS & SKIERS:

Your club has survived the difficulties of the long war; it became no war casualty as so many other clubs did.

We have just become affiliated with the California Ski Association to help further our sport. Some of our most experienced members are on various committees of the Association.

We have expanded our facilities locally, have the best relations with northern clubs and look forward to a very active season - -

LET'S HOPE FOR SNOW ! ! !

Come to our meetings, bring your friends along, help yourself by having continued interest in the club's activities and inform all skiers that our club welcomes them as members or as guests.
